(BALTIMORE, MD) – Local residents and other interested members of the public are invited to comment on a proposal by Amish Road Solar 1, LLC to construct a 5.0 MW solar generating facility in Garrett County. In addition to taking comments from the public, the hearing will include a presentation by the applicant, brief statements by the parties, including the Power Plant Research Program of the Maryland Department of Natural Resources, and the Commission's Technical Staff, as to their respective roles in the case.
