(BALTIMORE, MD) – Local residents and other interested members of the public are invited to comment on a proposal by Clyde Young Road Solar 1, LLC to construct a 5.0 MW solar generating facility in Frederick County. The virtual hearing will take place on **Monday, June 23, 2025 at 6:30 p.m.** before Public Utility Law Judge Kristin Case Lawrence.

In February 2025, Clyde Young Road Solar applied to the Maryland Public Service Commission for what is known as a Certificate of Public Convenience and Necessity (CPCN), which grants an applicant the authority to construct an energy generating station in Maryland. According to the application, the developer proposes to build the project, intended as part of Maryland's community solar program, on just over 21 acres of a nearly 37-acre property at 12208 Clyde Young Road in Woodsboro.

In addition to taking comments from the public, the hearing will include a presentation by the applicant, brief statements by the parties, including the Power Plant Research Program of the Maryland Department of Natural Resources, and the Commission's Technical Staff, as to their respective roles in the case.

Those who would like to speak at the hearing must sign up (by Friday, June 20, 2025) through the Calendly app on the Commission's website:
